

## shades of grey

newspaper read is black and white  
intelligent but not real bright  
just like me  
colours bleed

blood red stains and rusty brass  
i cut my hand on a white wine glass  
just like me  
colours bleed  
just like my day  
colours fade

i've never seen a black aeroplane  
we say jet black but they're all grey  
just like me  
colours bleed  
just like my day  
colours fade  
*shades of grey*
